

CITY OF DOWNEY - CONSTRUCTION & DEMOLITION APPLICATION

WASTE MANAGEMENT PLAN

FORM A – Page 1 of 3

Article V, Chapter 8 of the Downey Municipal Code requires that 100% of inert debris and at least 50% of the remaining construction and demolition (C&D) debris generated during a construction or demolition project, be diverted from landfill. Covered applicants are required to complete a C&D Waste Management Plan (Form A) that details anticipated diversion practices, and materials to be recycled or reused. The Waste Management Plan Compliance Report (Form B) must be submitted 30 days after the completion of the project.

Please complete this form and submit it to the City of Downey Building Division or Engineering Division, 11111 Brookshire Ave., Downey, CA, 90241, along with your: 1) building permit application, and 2) performance security, unless otherwise instructed.

Applicant Name: _____ Date: _____

Contractor Name: _____ Phone #: _____

Job Site Address: _____

Type of Project: New Construction Demolition Renovation Grading Other _____

Type of Building: Residential Non-residential

Relation to Project: Owner Contractor Authorized Representative

Project Valuation: \$ _____ Estimated Project Start Date: _____ Estimated Project Completion Date: _____

Project Description (include square footage): _____

Who will handle refuse & recyclables generated by your project? (Please check one or more of the following boxes)

1 - CalMet Services. *I plan to use CalMet Services for trash and recycling services on the project on an exclusive basis (i.e., I will not hire any other company(s) to haul material nor will I self-haul waste from the project site for recycling and disposal). Applicant must contact CalMet at (562) 259-1239 to obtain a work order and to arrange for disposal and recycling. If any change to collection service occurs, the applicant must immediately inform the City and submit a revised Form A. Failure to do so is a violation of the Downey Municipal Code, and will result in a Stop Work Notice and other penalties. CalMet will be responsible for assuring conformance with the ordinance. Please complete the Performance Security section below, sign where indicated, and submit this form along with your Performance Security Deposit and building permit application to the City of Downey. Applicant does not need to complete pages 2 and 3 of Form A.*

2 - Recycling Facility. *A recycling facility will provide bins to the project site. Segregated materials from the construction and demolition site will be placed in the bin(s) and the recycling facility will service the bins as needed. Recycling facilities must be chosen from the approved list provided. No refuse should be placed in any recycling bin. All refuse will be hauled by CalMet unless you choose to self-haul (check box 3, as well). Please complete the Performance Security section below, pages 2 and 3 of this form; then sign and submit form with Performance Security Deposit and building permit application to the City of Downey.*

3 - Self Haul. *Material will be collected and delivered to recyclers, processors, and landfills using only the applicant's equipment and vehicles. Refer to attached list of recycling facilities and approved processors to which material may be delivered. Please complete the Performance Security section below, pages 2 and 3 of this form; then sign and submit form along with your Performance Security Deposit and building permit application to the City of Downey.*

PERFORMANCE SECURITY DEPOSIT

A Performance Security Deposit must be paid to the City and will be refunded in full to the applicant after the completion of the project and upon confirmation that 100% of inert materials and at least 50% of the remaining waste generated by the project was diverted from landfill. Return of deposit may be withheld if applicant does not meet diversion requirements. Deposit amount should equal 3% of the total project valuation, or a minimum of \$5,000. Payment can be made in the form of cash, credit card, money order (made payable to the City of Downey), performance bond, surety bond, letter of credit, and certificate of deposit. **Total Project Value \$ _____ Deposit Amount \$ _____**

I hereby state that all information presented herein is true and accurate to the best of my knowledge. I further state that I have read and that I understand the C&D Ordinance and that I will comply in all respects with all requirements contained therein.

CITY OF DOWNEY - CONSTRUCTION & DEMOLITION

WASTE MANAGEMENT PLAN

FORM A – Page 2 of 3

APPLICANT NAME: _____

PROJECT ADDRESS: _____

Indicate materials to be generated, their estimated tonnages, and expected destinations. To convert units of volume (for example – cubic feet (cf), cubic yards (cy), etc.) into tons, use the conversion factors provided. Note: 1 ton = 2,000 lbs.

Material	Recycled (tons)	Reused (tons)	Disposed (tons)	Total Quantity Generated	Facility to be Used/Destination of Material
<i>Example: Dirt 10 cy = 18,900 lbs</i>	<i>5 tons</i>	<i>8 tons</i>	<i>10 tons</i>	<i>23 tons</i>	<i>Recycle – Azusa Land Reclamation Reuse – On job site for grading Dispose – Puente Hills Landfill</i>
Asphalt 1 cy = 1,380 lbs					
Brick 1 cy = 3,024 lbs					
Building Materials (ceiling tile, doors, fixtures, windows, etc.)					
Cardboard, Paper 1 cy = 100 lbs					
Carpet, Carpet Padding 1 cy = 84.4 lbs					
Concrete 1 cy = 1,855 lbs					
Dirt 10 cy = 18,900 lbs					
Glass 1 cy = 2,160 lbs					
Green Waste 40 cy = 4,320 lbs					
Gypsum/Dry Wall 1 cy = 3,834 lbs					
Metals 1 cy = 906 lbs					
Mixed C&D (commingled, recyclable)					
Plastic 1 cy = 22.55 lbs					
Roofing Material	---	---			
Stucco

TOTALS					

Fill in the blanks to determine if you will divert **100% of the INERT MATERIAL** generated by your project:

Total Recycled _____ + Total Reused _____ = _____ ÷ Total Quantity Generated _____ x 100 = _____ %

Fill in the blanks to determine if you will divert at least **50% of the remaining material** generated by your project:

Total Recycled _____ + Total Reused _____ = _____ ÷ Total Quantity Generated _____ x 100 = _____ %

I, the undersigned, am authorized to sign on behalf of the applicant, and hereby acknowledge the requirements of Chapter 8, Ordinance No. 07-1217, of the Downey Municipal Code relating to the diversion of Construction and Demolition waste. I attest that all information presented herein is true and accurate.
